

ASSIGNMENT- 0 (SQL)

SUPPLIER(SID, SNAME, CITY)

PART(PID, PNAME, COLOR)

CATALOG(SID, PID, COST)

1. Create the above tables with necessary constraints.
2. Insert values in all the tables.
3. Add a column WEIGHT to the PART table.
4. Add a constraint to the SUPPLIER table which will allow the CITY column to have MUMBAI, DELHI, BANGALORE, KOLKATA or CHENNAI as the value only.
5. Change the colour of part 111 to grey.
6. Change the city of supplier PATEL to MUMBAI.
7. Delete all records from the CATALOG table where cost is more than 100 and less than 500.
8. Add a column COUNTRY to table SUPPLIER.
9. Add values to the COUNTRY column.
10. Increase the size of COLOR column and decrease the size of PNAME column.
11. Display supplier details of suppliers located at CHENNAI.
12. Display SID and PID where cost is between 1000 and 5000.
